2025

Environmental Quality Act: Exemption: Prescribed Fire

Status: Pending - ASSEMBLY

Date of Last Action: 2/4/2025

Author: Sanchez (R)

Topics: Disaster – Wildfires

Summary: Relates to existing law, until January 1, 2028, which exempts from the requirements of CEQA

prescribed fire, reforestation, habitat restoration, thinning, or fuel reduction projects, or related activities, undertaken, in whole or in part, on federal lands to reduce the risk of high-severity wildfire that have been reviewed under the federal National Environmental Policy Act. Extends the exemption and requirements on the lead agency indefinitely.

Transportation Fuels: Gasoline Specifications

Status: Failed - Assembly Petroleum and Gasoline Supply Committee

Date of Last Action: 9/11/2024

Author: Gallagher (R)

Topics: Air Quality – Outdoor

Summary: Specifies that transportation fuels are not subject to regulations implementing a market-based compliance mechanism for greenhouse gas emissions. Requires the State Air Resources Board to grant variances from gasoline specifications, including for gasoline imported from outside the state, whenever a refinery outage or other supply interruption would result in substantial short-term price increases.

08/15/2024 - In ASSEMBLY Committee on APPROPRIATIONS: Held in committee.

CAA 99

2024

Department of Transportation: State Roads and Highways

Status: Vetoed - Vetoed

Date of Last Action: 09/25/2024 - Vetoed

Author: Connolly (D) **Additional Authors:** Ting (D);McGuire (D);Kalra (D);Bauer-Kahan (D);Weber A (D);Wilson (D);Jackson (D)

Topics: Toxics and Chemicals – Pesticides

Summary: Requires the Department of Transportation to adopt, on or before the specified date, a statewide policy to use integrated pest management on State roads and highways and to implement the statewide policy in cities or counties that have adopted integrated pest management approaches to roadside vegetation management. Requires the department, in developing the statewide policy, to consult with the Department of Pesticide Regulation and the University of California Statewide Integrated Pest Management Program.

Fully Protected Species: California Endangered Species

Status: Enacted - Act No. 2023-059

Date of Last Action: 07/10/2023 - Enacted

Author: Ashby (D)

Topics: Wildlife

Summary: Authorizes the Department of Fish and Wildlife to issue a permit under the California Endangered Species Act that would authorize the take of a fully protected species resulting from impacts attributable to the implementation of specified projects if certain conditions are satisfied, including, among others, the conditions required for the issuance of an incidental take permit. Requires the department to develop a plan to assess the population status of each fully protected species.

Household Product Safety: Toxic Substances: Testing

Status: Enacted - Act No. 2024-932

Date of Last Action: 09/29/2024 - Enacted

Author: Ting (D) **Additional Authors:** Allen (D); Schiavo (D)

Topics: Toxics and Chemicals, Toxics and Chemicals – PFAS

Summary: Provides that existing law prohibits juvenile products, textile articles, and food packaging that contain specified levels of PFAS from being distributed, sold or offered for sale in the State. Requires the Department of Toxic Substances Control to adopt regulations for enforcement. Requires manufacturers to register, pay a fee, and provide a statement of compliance to the department. Requires the department to deposit registration fees and administrative penalties into the PFAS Enforcement Fund.

Beverage Containers: Recycling: Redemption Payment

Status: Vetoed - Vetoed

Date of Last Action: 09/20/2024 - Vetoed

Author: Aguiar-Curry (D)

Topics: Waste and Recycling

Summary: Provides that existing law requires a distributor of beverage containers to pay to the Department of Resources Recycling and Recovery a monthly redemption payment for every beverage container sold or transferred. Reduces the redemption payment and refund value for certain wine or distilled spirit beverage containers. Authorizes a distributor who sells or transfers not more than a specified number of beverage containers annually to make a single annual payment of redemption payments, with certain exceptions.

State Water Resources Control Board: Water Rights

Status: Enacted - Act No. 2024-342

Date of Last Action: 09/22/2024 - Enacted

Author: Bauer-Kahan (D) **Additional Authors:** Friedman (D)

Topics: Water Allocation and Supply Planning

Summary: Provides that under existing law, the diversion or use of water other than as authorized by specified provisions of law is a trespass, subject to specified civil liability. Requires the State Water Resources Control Board to adjust for inflation, beginning in the specified year, the amounts of civil and administrative liabilities or penalties imposed by the board or in water right actions brought at the request of the board. Increases specified civil penalties for cease and desist order violations.

Wildfires: Defensible Space: Grant Programs

Status: Enacted - Act No. 2024-982

Date of Last Action: 09/29/2024 - Enacted

Author: Dodd (D)

Topics: Disaster – Wildfires, Wildlife

Summary: Provides that existing law requires the Department of Forestry and Fire Protection to establish a

local assistance grant program for fire prevention and home hardening education activities. Provides that existing law describes eligible activities under the Local Assistance Grant Program as including development and implementation of public education and outreach programs. Authorizes those programs to include new technologies and game elements to enhance and accelerate the education of property owners.

Air Pollution Control Districts

Status: Failed - SENATE

Date of Last Action: 5/1/2023

Author: Archuleta (D)

Topics: Air Quality – Outdoor

Summary: Relates to the establishment of air pollution control districts and air quality management districts.

Designates a district as a special district for purposes of receiving State funds or funds disbursed by the State.

Requires, if eligibility for funds requires a district to be considered either a dependent or an independent special district, the entity distributing those funds to use the definitions for those terms set forth in the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000.

Salton Sea Conservancy

Status: Enacted - Act No. 2024-771

Date of Last Action: 09/27/2024 - Enacted

Author: Padilla (D) **Additional Authors:** Garcia E (D);Cervantes (D)

Topics: Toxics and Chemicals

Summary: Establishes the Salton Sea Conservancy within the Natural Resources Agency for specified purposes related to the Salton Sea region. Requires the conservancy to be governed by a board of directors. Creates the Salton Sea Conservancy Fund and states that the Legislature intends to support the fund through authorized proceeds from the sale of bonds and allocations from the Salton Sea Lithium Fund.

Endangered Species Act: Accidental Take: Farms

Status: Enacted - Act No. 2023-447

Date of Last Action: 10/08/2023 - Enacted

Author: Mathis (R) **Additional Authors:** Niello (R);Dodd (D);Dahle M (R);Dixon (R)

Topics: Wildlife

Summary: Relates to the California Endangered Species Act, which prohibits the taking of an endangered or candidate species. Provides that the accidental take of a candidate, threatened, or endangered species resulting from an act that occurs on a farm or a ranch in the course of otherwise lawful routine and ongoing agricultural activities is not prohibited by the Act. Requires the Department of Fish and Wildlife to conduct outreach to raise awareness of reporting requirement within the agricultural community.

Fire Prevention: Wildfire Mitigation Area

Status: Failed - Adjourned - Assembly Appropriations Committee

Date of Last Action: 7/8/2024

Author: Wiener (D)

Topics: Disaster – Wildfires, Wildlife

Summary: Provides that existing law requires the State Fire Marshal to classify lands within State responsibility areas into fire hazard severity zones. Replaces requirement that the State Fire Marshal classify lands within state responsibility areas into fire hazard severity zones with a requirement that the State Fire Marshal, on or before an unspecified date, designate, by regulation, a wildfire mitigation area in the state, excluding federal lands.

Smoking Tobacco in the Workplace: Transient Lodging

Status: Enacted - Act No. 2023-182

Date of Last Action: 09/08/2023 - Enacted

Author: Rubio (D) **Additional Authors:** Ashby (D);Smallwood-Cueva (D)

Topics: Air Quality – Indoor

Summary: Provides that the California Occupational Safety and Health Act of 1973 prohibits smoking of tobacco products inside an enclosed space at a place of employment. Provides that existing law establishes specified exemptions from a place of employment that allow smoking in certain work environments, including an exemption for up to a specified percent of the guestroom accommodations in a hotel, motel, or similar transient lodging establishment. Eliminates the exemption.

Plastic Waste: Single-Use Plastics Alternatives

Status: Vetoed - Vetoed

Date of Last Action: 10/08/2023 - Vetoed

Author: Allen (D)

Topics: Waste and Recycling, Waste and Recycling – Plastic

Summary: Relates to the Plastic Pollution Prevention and Packaging Producer Responsibility Act. Requires the California Environmental Protection Agency to establish a working group of specified State entities that would establish a framework for evaluating novel plastic and plastic-alternative material types used to produce single-use products as they are developed, in order to inform State policy decisions designed to create a more sustainable and circular economy.

Refinery Air Pollution Transparency and Reduction Act

Status: Vetoed - Vetoed

Date of Last Action: 08/19/2024 - Vetoed

Author: Gonzalez (D) **Additional Authors:** Skinner (D);Muratsuchi (D);Friedman (D);Stern (D);Wiener

(D); Wicks (D); Lowenthal (D); Rivas R (D)

Topics: Air Quality – Outdoor

Summary: Provides that existing law requires a refinery-related community air monitoring system to be installed near each petroleum refinery that meets certain requirements. Expands such requirements to any covered facility, defined to include refineries that produce gasoline, diesel fuel, aviation fuel, biofuel, lubricating oil, asphalt, petrochemical feedstock, or other similar products, and to include facilities with operations related to a refinery that are located on contiguous or adjacent properties.

Salmonid Population: California Monitoring Program

Status: Enacted - Act No. 2023-455

Date of Last Action: 10/08/2023 - Enacted

Author: Bennett (D)

Topics: Wildlife

Summary: Requires the Department of Fish and Wildlife to establish the California Monitoring Program to collect comprehensive data on anadromous salmonid populations, in coordination with relevant agencies, as defined, to inform salmon and steelhead recovery, conservation, and management activities. Authorizes the department to consult with local agencies, tribes, conservation organizations, and academic institutions to carry out monitoring efforts under the program.

Sustainable Groundwater Management: Managed Wetlands

Status: Vetoed - Vetoed

Date of Last Action: 09/25/2024 - Vetoed

Author: Connolly (D)

Topics: Water Allocation and Supply Planning, Water Quality – Bodies of Water

Summary: Provides that existing law authorizes a groundwater sustainability agency that adopts a groundwater sustainability plan to impose fees on the extraction of groundwater from the basin to fund costs of groundwater management. Prohibits an agency from imposing a fee upon a small community water system serving a disadvantaged community or imposing a fee for managed wetland purposes, provided the water use for each user does not increase above the extractor's average annual extraction from 2015 to 2020.

Zero-Emission Trucks: Insurance

Status: Enacted - Act No. 2023-347

Date of Last Action: 10/07/2023 - Enacted

Author: Gipson (D)

Topics: Air Quality – Outdoor

Summary: Requires the Department of Insurance to implement specific data collections on the availability and affordability of insurance for heavy-duty trucks and truck fleets. Requires the surveys and data calls to include specified information, including, among other things, whether an insurance company offers insurance for zero-emission truck options. Requires the commissioner to publish the information in the aggregate, and would prohibit the identification of an individual respondent or insurer.

Beverage Container Recycling: Nonpetroleum Materials

Status: Failed - ASSEMBLY

Date of Last Action: 4/12/2023

Author: Irwin (D)

Topics: Waste and Recycling

Summary: Requires, beginning on specified date, the Department of Resource Recovery and Recycling to provide a specified percent reduction in the processing fee applicable to the percentage of a beverage container, by weight, that derives from nonpetroleum biomaterials, not to exceed a specified percent of the total beverage container weight sold. Requires an independent third party to certify the recyclability and percentage of nonpetroleum biomaterials used in beverage containers.

Electricity: Wildfire Mitigation

Status: Failed - Adjourned - Assembly Third Reading File

Date of Last Action: 8/28/2024

Author: Dodd (D)

Topics: Disaster – Wildfires

Summary: Provides that existing law requires electrical corporations to construct, maintain and operate their electrical lines and equipment in a manner that will minimize the risk of catastrophic wildfire. Requires those actions to take into account the time required to implement proposed mitigations, the amount of risk reduced for the cost, and risk remaining. Requires each corporation to submit a wildfire mitigation plan to the Office of Energy Infrastructure Safety at least once every specified number of years.

Income Taxes: Exclusions: Wildfires

Status: Failed - Adjourned - Assembly Appropriations Committee

Date of Last Action: 6/26/2024

Author: Wilk (R) **Additional Authors:** Dahle (R)

Topics: Disaster – Wildfires

Summary: Provides that the Personal Income Tax Law and Corporation Tax Law generally defines gross income as income from whatever source derived, except as specifically excluded, and provides various exclusions from gross income. Provides, for taxable years beginning on or after specified date, and before specified date, an exclusion from gross income for any qualified taxpayer for amounts received for costs and losses associated with wildfires. Provides that this bill would take effect immediately as a tax levy.

Electricity: Transmission Capacity: Reconductoring

Status: Enacted - Act No. 2024-597

Date of Last Action: 09/25/2024 - Enacted

Author: Padilla (D)

Topics: Disaster – Wildfires

Summary: Requires each transmission utility to prepare a study of the feasibility of projects using grid-

enhancing technologies to achieve, among other purposes, increased capacity to connect new renewable energy and zero-carbon resources. Requires each transmission utility to submit the studies to the Independent System Operator. Requires each utility to request that the Operator review the results of the studies as part of the annual transmission planning process for economic, reliability, and policy goals.

State Air Resources Board: Mobile Source Regulations

Status: Failed - ASSEMBLY

Date of Last Action: 4/26/2023

Author: Quirk-Silva (D)

Topics: Air Quality – Outdoor

Summary: Provides that existing law requires the State Air Resources Board to adopt and implement motor vehicle emission standards, in-use performance standards, and motor vehicle fuel specifications for the control of air contaminants. Requires the State Board, if it proposes a regulation to regulate an on-road mobile source, to prepare a lifecycle analysis of any technology required by the regulation, and in its discretion, any incumbent technology.

Author: Blakespear (D) **Additional Authors:** Quirk-Silva (D);Rendon (D);Friedman (D);Limon (D);Stern (D);Wiener (D);Boerner (D);Bennett (D);Addis (D);Mathis (R);Allen (D);Bauer-Kahan (D)

Topics: Waste and Recycling, Waste and Recycling – Plastic

Summary: Provides that existing law prohibits a store from providing a single-use carryout bag to a customer at the point of sale, with specified exceptions. Recasts the definition of a single-use carryout bag to a carryout bag, and revises the definition to mean a bag made of plastic, paper, or other material that is provided by a store to a customer at the point of sale for the purpose of carrying purchased goods and that is not a recycled paper bag. Creates a carryout bag exception.

Primary Drinking Water Standards: Hexavalent Chromium

Status: Failed - Adjourned - Senate Environmental Quality Committee

Date of Last Action: 4/8/2024

Author: Padilla (D)

Topics: Toxics and Chemicals, Water Quality – Drinking Water

Summary: Relates to the California Safe Drinking Water Act. Authorizes the State Water Resources Control Board to grant an extension of up to a specified number of years beyond any other compliance period established by the Board for a public water system to achieve compliance with the primary drinking water standard for hexavalent chromium. Requires a public water system to comply with all requirements that the Board has established for a public water system during the compliance period, including public notice.

Hazardous Waste: Marine Flares: Manufacturer

Status: Vetoed - Vetoed

Date of Last Action: 09/29/2024 - Vetoed

Author: Blakespear (D)

Topics: Toxics and Chemicals

Summary: Creates a manufacturer responsibility program for the safe and proper management of marine flares. Defines covered product to include certain pyrotechnic devices that meet the criteria for household hazardous waste and that are used in conjunction with recreational activities. Prohibits a manufacturer, retailer, dealer, importer, or distributor from selling, distributing, offering for sale, or importing a covered product into the State that contains perchlorate. Requires manufacturer responsibility plans.

Beverage Container Recycling: Pilot Projects: Extension

Status: Enacted - Act No. 2024-182

Date of Last Action: 08/19/2024 - Enacted

Author: Newman (D) **Additional Authors:** Nguyen (R)

Topics: Waste and Recycling, Waste and Recycling – Extended Producer Responsibility

Summary: Provides that the State Beverage Container Recycling and Litter Reduction Act requires the Department of Resources Recycling and Recovery to annually designate convenience zones. Authorizes recycling pilot projects to operate until specified date by increasing expenditures from a continuously appropriated fund for handling fee payments to pilot project recyclers. Limits the time that a convenience zone that falls within the area of an operational, department-approved pilot project is deemed to be served.

2024

Flood Protection: City of Sacramento: Sacramento Area

Status: Failed - Adjourned - Senate Local Government Committee

Date of Last Action: 4/10/2024

Author: Ashby (D)

Topics: Disaster – Flooding

Summary: Extends the deadline for achieving the urban level of flood protection for the City of Sacramento. Relates to the potential liability of the Sacramento Area Flood Control Agency for property damage caused by a flood during that extended time period. Requires the Agency to provide a report to specified committees and subcommittees of the Legislature describing plans and actions taken to improve flood protection in the preceding specified number of years in the City of Sacramento.

Enhanced Infrastructure Financing District

Status: Enacted - Act No. 2024-599

Date of Last Action: 09/25/2024 - Enacted

Author: Caballero (D)

Topics: Disaster – Flooding, Disaster – Wildfires, Disaster – Heat and Drought, Disaster – High Winds, Water Infrastructure

Summary: Provides that existing law requires the public financing authority of an enhanced infrastructure financing district to hold a meeting and public hearings on a proposed infrastructure financing plan. Requires the authority to hold a meeting and a specified number of hearings. Makes findings and declarations that, among other things, public benefits will accrue if local agencies are provided a means to, among other things, improve air quality and fund port and harbor infrastructure. Incorporates changes.

Paint Products: Stewardship Program

Status: Enacted - Act No. 2024-989

Date of Last Action: 09/29/2024 - Enacted

Author: Allen (D)

Topics: Toxics and Chemicals, Waste and Recycling, Waste and Recycling – Extended Producer Responsibility

Summary: Revises and recasts the Architectural Paint Recovery Program as the Paint Product Recovery Program. Expands the scope of the stewardship program from architectural paint to paint products. Subjects paint products to the requirements of the program. Exempts aerosol coating products, coating-related products, and nonindustrial coatings added to the stewardship program from the requirements of the program until the specified date, or the approved stewardship plan's implementation date for those products.

Carl Moyer Memorial Air Quality Standards

Status: Enacted - Act No. 2024-459

Date of Last Action: 09/22/2024 - Enacted

Author: Archuleta (D)

Topics: Air Quality – Outdoor

Summary: Provides that existing law establishes the Carl Moyer Memorial Air Quality Standards Attainment Program to provide grants to offset the incremental cost of eligible projects that reduce emissions of air pollutants from sources in the State and for funding a fueling infrastructure demonstration program and technology development efforts. Provides that existing law requires that funds be allocated under the program to local air districts for liquidation. Extends the deadline for the period of liquidation.

Water Conservation: Water Use Objectives

Status: Failed - Adjourned - Senate Natural Resources and Water Committee

Date of Last Action: 3/18/2024

Author: Niello (R)

Topics: Water Conservation and Efficiency

Summary: Provides that existing law requires the State Water Resources Control Board, in coordination with the Department of Water Resources, to adopt long-term standards for the efficient use of water. Requires the board to consider the policies relating to urban water use objectives and proposed efficiency standards' effects on water loss. Sets forth standards, policies, and procedures relating to water use objectives.

Drinking Water: Technical, Managerial, and Financial

Status: Enacted - Act No. 2024-507

Date of Last Action: 09/24/2024 - Enacted

Author: Laird (D)

Topics: Water Allocation and Supply Planning, Water Infrastructure, Water Quality – Drinking Water

Summary: Relates to the California Safe Drinking Water Act. Requires the State Water Resources Control Board to develop and adopt minimum standards related to the technical, managerial, and financial capacity of community water systems serving fewer than a specified number of service connections and nontransient noncommunity water systems that serve K-12 schools. Requires such new community water systems and such noncommunity water systems to demonstrate, as part of a permit application, compliance with standards.

Water: Emergency Water Supplies

Status: Failed - Adjourned - Assembly Appropriations Committee

Date of Last Action: 6/18/2024

Author: Newman (D)

Topics: Disaster – Heat and Drought, Water Allocation and Supply Planning, Water Conservation and Efficiency
Summary: Provides that the Urban Water Management Planning Act requires every public and private urban water supplier that provides water for municipal purposes to prepare and adopt an urban water management plan. Provides that the act requires such plan to include a water shortage contingency plan. Declares that it is the policy of the State to encourage, but not mandate, the development of emergency water supplies, and to support their use during times of drought or unplanned service or supply disruption.

Hunting: Navigable Waters

Status: Enacted - Act No. 2024-186

Date of Last Action: 08/19/2024 - Enacted

Author: Cortese (D)

Topics: Wildlife

Summary: Provides that existing law makes it unlawful to enter land for the purpose of discharging a firearm or taking or destroying any mammal or bird, including waterfowl, on that land, without having first obtained written permission from the owner, the owner's agent, or the person in lawful possession of that land, under certain conditions. Restricts the application of the provisions regarding land temporarily inundated by water flowing outside the established banks of a waterway to non-navigable waters.

Transportation Fuels: Gasoline Specifications

Status: Failed - ASSEMBLY

Date of Last Action: 3/9/2023

Author: Gallagher (R) **Additional Authors:** Patterson (R);Mathis (R);Chen (R);Dahle M (R);Alanis (R);Essayli (R);Patterson J (R);Ta (R)

Topics: Air Quality – Outdoor

Summary: Relates to the California Global Warming Solutions Act of 2006, which authorizes the State Air Resources Board to include the use of market-based compliance mechanisms in its regulation of greenhouse gas emissions. Specifies that transportation fuels are not subject to regulations implementing a market-based compliance mechanism for greenhouse gas emissions.

Product Safety: Bisphenol

Status: Enacted - Act No. 2024-790

Date of Last Action: 09/27/2024 - Enacted

Author: Limon (D)

Topics: Toxics and Chemicals, Toxics and Chemicals – PFAS

Summary: Provides that existing law prohibits the manufacture, sale, or distribution in commerce of any bottle or cup that contains bisphenol A if the bottle or cup is designed or intended to be filled with any liquid, food, or beverage intended primarily for consumption by children 3 years of age or younger. Applies certain prohibitions and requirements to any juvenile's feeding product or sucking or teething product that contains any form of bisphenol at a detectable level above the practical quantitation limit.

State Water Resources Control Board: Drought Planning

Status: Vetoed - Vetoed

Date of Last Action: 07/18/2024 - Vetoed

Author: Wood (D)

Topics: Disaster – Heat and Drought, Water Allocation and Supply Planning

Summary: Requires the State Water Resources Control Board, in consultation with the Department of Fish and Wildlife, to adopt principles and guidelines for diversion and use of water in coastal watersheds during times of water shortage for drought preparedness and climate resiliency. Authorizes the state board to issue a cease and desist order when a diversion or use violates or threatens to violate an applicable principle or guideline adopted by the state board for the diversion and use of water.

Ozone: Indoor Air Cleaning Devices

Status: Failed - Adjourned - Assembly Natural Resources Committee

Date of Last Action: 6/11/2024

Author: Gonzalez (D)

Topics: Toxics and Chemicals

Summary: Provides that existing law requires the State Air Resources Board to develop and adopt regulations to protect the public health from ozone emitted by indoor air cleaning devices. Requires the board to include in these regulations an emission concentration standard for ozone emissions not greater than a specified number of parts per million. Requires the regulations to include a ban on the sale or the offering for sale of devices that exceed that limit, unless the board determines an exemption applies.

Environmental Quality Act: Infrastructure Projects

Status: Enacted - Act No. 2024-794

Date of Last Action: 09/27/2024 - Enacted

Author: Atkins (D) **Additional Authors:** Waldron (R); Ward (D); Weber A (D); Alvarez (D); Blakespear (D); Padilla (D)

Topics: Water Infrastructure

Summary: Provides that existing law authorizes the Governor to certify projects meeting certain requirements as infrastructure projects and provides those certified projects with certain streamlining benefits. Includes the San Vicente Energy Storage Facility project proposed by the San Diego County Water Authority and a project for the repair, rehabilitation, or replacement of the South Bay Sewage Treatment Plant in San Diego County as infrastructure projects. Incorporates changes to the Public Resources Code.

Beverage Containers: Processing Payments

Status: Failed - Adjourned - Senate Environmental Quality Committee

Date of Last Action: 3/18/2024

Author: Padilla (D)

Topics: Waste and Recycling

Summary: Provides that existing law requires a beverage manufacturer to pay to the Department of Resources Recycling and Recovery a processing fee for each beverage container, sold or transferred in the State. Provides that existing regulations require a reasonable financial return for recycling centers equal to 10 percent of certain statewide averages. Specifies, for purposes of calculating the processing payment, that a specified percent is a reasonable financial return for recycling centers.

Water Quality: State Board Certification

Status: Failed - Adjourned - Senate Rules Committee

Date of Last Action: 3/18/2024

Author: Alvarado-Gil (D)

Topics: Water Allocation and Supply Planning, Water Quality – Bodies of Water, Water Quality – Drinking Water

Summary: Provides that the Porter-Cologne Water Quality Control Act authorizes the Water Resources Control Board to certify or provide a statement to a Federal agency that there is reasonable assurance that an activity subject to Board jurisdiction will not reduce water quality below applicable standards. Requires the Board to issue the certificate or statement before completion of the environmental review if it is determined that the project will help meet State clean energy goals and increase electric reliability.

Groundwater Recharge: Floodflows: Diversion

Status: Failed - Adjourned - Assembly Inactive File

Date of Last Action: 8/22/2024

Author: Caballero (D) **Additional Authors:** Soria (D)

Topics: Disaster – Flooding, Water Allocation and Supply Planning, Water Quality – Bodies of Water

Summary: Provides that existing law provides that the diversion of floodflows for groundwater recharge does not require an appropriative water right if certain conditions are met. Expands the conditions that are required to be met for diversion that do not require an appropriative water right. Authorizes, with respect to diversions from water tributaries to the San Joaquin River upstream of Vernalis, water to be diverted only when the Sacramento-San Joaquin Delta is in excess conditions and without restrictions.

Waste Reduction: Undiverted Materials

Status: Failed - Adjourned - Senate Environmental Quality Committee

Date of Last Action: 4/10/2024

Author: Blakespear (D)

Topics: Waste and Recycling

Summary: Relates to the disposal, management, and recycling of solid waste. Requires a city, county, or city and county, or regional agency formed under the California Integrated Waste Management Act of 1989, to develop a source reduction and recycling element of an integrated waste management plan containing specified components. Requires those jurisdictions to divert a specified percent of the solid waste subject to the element, with exceptions, through source reduction, recycling, and composting activities.

Nonvehicular Air Pollution: Civil Penalties

Status: Enacted - Act No. 2024-300

Date of Last Action: 09/20/2024 - Enacted

Author: Wicks (D)

Topics: Air Quality – Outdoor

Summary: Provides that existing law establishes maximum civil penalties for a person who violates air pollution laws from nonvehicular sources. Allows specified civil penalties to be multiplied by a factor of not more than a specified number if the violation results from an emission from a stationary source required by federal law to be included in an operating permit program established pursuant to specified provisions of the federal Clean Air Act, and the emission contains or includes one or more air contaminants.

Drinking Water: Schoolsites: Lead Testing Pilot Program

Status: Failed - SENATE

Date of Last Action: 6/3/2024

Author: Holden (D)

Topics: Toxics and Chemicals – Lead, Water Quality – Drinking Water

Summary: Requires the Superintendent of Public Instruction to establish a pilot program to test for and remediate lead contamination in drinking water at participating local educational agency facilities with plumbing that was installed before the specified date. Provides that if sampling results show lead levels in excess of a specified number of parts per billion in water at any potable water system outlet, a participating LEA is required to, among other things, notify the parents and guardians of pupils.

Conservation Element: Wildlife and Habitat Connectivity

Status: Enacted - Act No. 2024-686

Date of Last Action: 09/27/2024 - Enacted

Author: Friedman (D) **Additional Authors:** Stern (D)

Topics: Disaster Resilience, Disaster – Flooding, Wildlife

Summary: Provides that the Planning and Zoning Law requires the legislative body of a city or county to adopt a comprehensive general plan that includes various elements, including conservation. Requires the conservation element to consider the effect of development within the jurisdiction on the movement of wildlife and habitat connectivity. Authorizes a city or county to incorporate by reference into its general plan an existing plan, including a certified local coastal plan, that meets certain requirements.

Status: Failed - SENATE

Date of Last Action: 6/3/2024

Author: Bennett (D)

Topics: Water Allocation and Supply Planning, Water Quality – Drinking Water

Summary: Relates to the Sustainable Groundwater Management Act. Provides that existing law requires the State Water Resources Control Board to adopt a model water well, cathodic protection well, and monitoring well drilling and abandonment ordinance implementing certain standards for water well construction, maintenance, and abandonment. Requires, upon adoption or amendment of a groundwater sustainability plan, the groundwater sustainability agency to provide specified information to the local enforcement agency.

Controlled Substances: Analyzing and Testing

Status: Enacted - Act No. 2024-701

Date of Last Action: 09/27/2024 - Enacted

Author: Jones-Sawyer (D)

Topics: Toxics and Chemicals

Summary: Provides that the California Uniform Controlled Substances Act defines drug paraphernalia and prohibits the manufacture, sale, and possession of drug paraphernalia. Excludes from the definition of drug paraphernalia equipment for testing a substance for the presence of contaminants, toxic substances, hazardous compounds, or other adulterants. Excludes from the criminal liability of possessing drug paraphernalia those individuals obtaining controlled substance checking services.

Vehicles: Pollution Control Devices.

Status: Failed - Adjourned - ASSEMBLY

Date of Last Action: 2/7/2024

Author: Ta (R)

Topics: Air Quality – Outdoor

Summary: Relates to existing law which prohibits a person from installing, selling, offering for sale, or advertising any device, apparatus, or mechanism intended for use with, or as a part of, a required motor vehicle pollution control device or system that alters or modifies the original design or performance of the motor vehicle pollution control device or system. Creates an exception to this prohibition for a new aftermarket catalytic converter that has been approved for sale and use by the U.S. EPA.

Beaver Restoration

Status: Enacted - Act No. 2024-705

Date of Last Action: 09/27/2024 - Enacted

Author: Connolly (D)

Topics: Disaster – Heat and Drought, Wildlife

Summary: Provides that existing law, with certain exceptions, authorizes any owner or tenant of land or property that is being damaged or destroyed or is in danger of being damaged or destroyed by certain animals, including, among others, the beaver, to apply to the Department of Fish and Wildlife for a permit to kill the animals. Establishes in the department, subject to an appropriation by the Legislature for these purposes, a program to promote beaver restoration across the State.

Natural Resources: Equitable Outdoor Access: 30x30 Goal

Status: Failed - SENATE

Date of Last Action: 6/12/2024

Author: Rendon (D) **Additional Authors:** Garcia E (D)

Topics: Outdoor Recreation

Summary: Relates to the goal to conserve at least 30 percent of State lands and waters by 2030. Provides that agencies and the Legislature, when distributing resources, shall aspire to recognize the goals and benefits of 30x30 and Outdoors for All, and maximize investment in historically underserved urban communities. Requires funding agencies, including the Wildlife Conservation Board, to allow the funding program's authorizing statutes for urban nature-based projects on degraded lands to be eligible for funds.

Organic Waste Reduction Regulations: Procurement

Status: Enacted - Act No. 2024-712

Date of Last Action: 09/27/2024 - Enacted

Author: Lee (D)

Topics: Waste and Recycling, Waste and Recycling – Food

Summary: Provides that existing law requires the Department of Resources Recycling and Recovery to adopt regulations that achieve specified targets for reducing organic waste in landfills, including requiring local jurisdictions to annually procure a quantity of recovered organic waste products. Authorizes local jurisdictions to count towards their procurement targets compost produced and procured from specified compost operations and specified investments and expenditures related to meeting its procurement target.

Residential Property Insurance: Wildfire Risk

Status: Failed - Senate Inactive File

Date of Last Action: 8/23/2024

Author: Connolly (D)

Topics: Disaster – Wildfires

Summary: Provides that existing Department of Insurance regulations prohibit an insurer from using a rating

plan that does not take into account and reflect specified wildfire risk mitigation, including property-level building hardening measures. Requires the department, on or before specified date, to consider whether or not to update its regulations to include additional building hardening measures for property-level mitigation efforts and communitywide wildfire mitigation programs.

Zero-Emission Schoolbus Replacement Grants

Status: Failed - Adjourned - ASSEMBLY

Date of Last Action: 4/16/2024

Author: Garcia E (D)

Topics: Air Quality – Outdoor

Summary: Relates to the Hybrid and Zero-Emission Truck and Voucher Incentive Project to fund grants to local educational agencies for zero-emission schoolbuses. Makes grants available to a private contractor. Requires the Air Resources Board to establish the minimum time period for which a private contractor would be required to

contract to provide transportation services to a school district, county office of education, or charter school using a schoolbus acquired pursuant to these provisions. Appropriates funds.

California Environmental Quality Act: Exemption

Status: Enacted - Act No. 2024-718

Date of Last Action: 09/27/2024 - Enacted

Author: Lee (D)

Topics: Air Quality – Outdoor

Summary: Provides that the California Environmental Quality Act exempts from its requirements certain transportation-related projects if certain requirements are met, including that the project will be completed by a skilled and trained workforce. Expands a certain exemption to include a public project for the institution or increase of other passenger rail service, which will be exclusively used by zero-emission trains, located entirely within existing rail rights-of-way or existing highway rights-of-way.

Solid Waste: Organic Waste: Diversion: Biomethane

Status: Failed - Senate Inactive File

Date of Last Action: 8/23/2024

Author: Aguiar-Curry (D) **Additional Authors:** Wood (D)

Topics: Waste and Recycling, Waste and Recycling – Food

Summary: Defines pyrolysis as the thermal decomposition of material at elevated temperatures in the absence or near absence of oxygen. Provides that existing law requires the Department of Resources Recycling and Recovery to adopt regulations to achieve reduction in the organic waste in landfills. Requires the department to amend regulations to include, as a recovered organic waste product attributable to a local jurisdiction's procurement target, pipeline biomethane converted exclusively from organic waste.

2024

Safety Element: Extreme Heat

Status: Enacted - Act No. 2024-1009

Date of Last Action: 09/30/2024 - Enacted

Author: Bryan (D) **Additional Authors:** Rodriguez (D);Boerner (D);Bennett (D);Calderon (D)

Topics: Disaster – Heat and Drought, Wildlife

Summary: Provides that the Planning and Zoning Law requires the legislative body of a city or county to adopt a general plan that includes a safety element. Requires a city or county, upon the next update of one or more of the elements on or after the specified date to review and update its safety element as necessary to address the hazard of extreme heat. Provides that the changes proposed in Section 1 of this bill, amending Section 65302 of the Government Code, would not become operative if AB 1889 is enacted.

Hazardous Waste: Generation and Handling Fees

Status: Failed - Adjourned - ASSEMBLY

Date of Last Action: 4/11/2024

Author: Grayson (D) **Additional Authors:** Wilson (D)

Topics: Toxics and Chemicals

Summary: Provides that existing law requires a generator of hazardous waste to pay to the Department of Tax and Fee Administration a generation and handling fee. Imposes a discounted fee rate for each ton or fraction of a ton of that certain hazardous waste generated from residential projects. Requires the Administration, before issuing a refund or a credit, to confirm the generator meets the required criteria and, for purposes of a residential project, that the project has been constructed or is being constructed.

Clean Transportation Program: Electric Vehicle Chargers

Status: Failed - SENATE

Date of Last Action: 7/2/2024

Author: Petrie-Norris (D)

Topics: Waste and Recycling

Summary: Relates to the Clean Transportation Program and Alternative and Renewable Fuel and Vehicle Technology Fund. Adds to the categories of programs and projects eligible for funding a program to repair or replace nonoperational electric vehicle chargers that are at least a specified age and located in a publicly available parking space. Requires the State Energy Resources Conservation and Development Commission to allocate at least a specified percent of the funding to low-income and disadvantaged communities.

Metal Shredding Facilities: Fence-Line Air Quality

Status: Enacted - Act No. 2024-743

Date of Last Action: 09/27/2024 - Enacted

Author: Bonta M (D)

Topics:

Summary: Provides that existing law requires the Department of Toxic Substances Control to adopt and revise standards and regulations for the management of hazardous wastes. Requires the department to collect an annual fee from all metal shredding facilities that are subject to the requirements of the hazardous waste control laws. Requires the department to set the fee schedule at a rate sufficient to also reimburse the Office of Environmental Health Hazard Assessment for its costs to implement certain provisions.

Wildfire and Forest Resilience Task Force

Status: Vetoed - Vetoed

Date of Last Action: 09/22/2024 - Vetoed

Author: Papan (D)

Topics: Disaster – Wildfires, Forests, Water Allocation and Supply Planning

Summary: Requires the Wildfire and Forest Resilience Task Force, or its successor, to develop, in partnership with the Natural Resources Agency and its member entities, an interagency funding strategy that promotes integrated, multiple benefit projects that address wildfire, watershed function, biodiversity, and climate adaptation and mitigation, to achieve landscape resilience on fire-prone lands and outcomes more aligned with an ecosystem-based approach.

Urban Retail Water Suppliers: Urban Water Use Objective

Status: Failed - Adjourned - Assembly Water, Parks and Wildlife Committee

Date of Last Action: 3/21/2024

Author: Alanis (R)

Topics: Water Allocation and Supply Planning

Summary: Relates to existing law which requires the Department of Water Resources, on or before January 1, 2028, and in coordination with the State Water Resources Control Board, to submit a report to the Legislature on the progress of urban retail water suppliers towards achieving their urban water use objective. Extends the deadline for when the report must be submitted.

Fire Protection Districts: Electrical Corporations

Status: Enacted - Act No. 2024-753

Date of Last Action: 09/27/2024 - Enacted

Author: Bauer-Kahan (D)

Topics: Disaster – Wildfires

Summary: Authorizes a fire protection district to require an electrical corporation or local publicly owned electric utility to notify the district at least 24 hours before performing a prescribed or controlled burn, with certain exceptions. Mandates that a local publicly owned electric utility, which is an entity of local government, provide a new program or higher level of service, the bill would impose a state-mandated local program.

Status: Enacted - Act No. 2024-068

Date of Last Action: 07/02/2024 - Enacted

Author: Maienschein (D)

Topics: Water Quality – Drinking Water

Summary: Provides that existing law prohibits a person from operating a public water system without an emergency notification plan that has been approved by the State Water Resources Control Board. Authorizes and encourages a public water system, when updating a plan, to notify water users by means of certain communications technology, including, but not limited to, text messages, email, or social media. Provides that a permit, variance, or exemption may not be issued or amended until a plan has been approved.

Refinery and Chemical Plants

Status: Enacted - Act No. 2024-978

Date of Last Action: 09/29/2024 - Enacted

Author: Bryan (D)

Topics: Toxics and Chemicals

Summary: Relates to the California Refinery and Chemical Plant Worker Safety Act of 1990. Removes references in existing law to petroleum refineries and petroleum refinery employers to instead refer to refineries and refinery employers. Defines refinery to mean an establishment that produces gasoline, diesel fuel, aviation fuel, or biofuel through the processing of crude oil or alternative feedstock. Requires the Division of Occupational Safety and Health to propose implementing regulations.

2024

Energy: Cost Framework: Residential Rates: Demand-Side

Status: Enacted - Act No. 2024-762

Date of Last Action: 09/27/2024 - Enacted

Author: Petrie-Norris (D) **Additional Authors:** Rivas R (D)

Topics: Wildlife

Summary: Requires the Public Utilities Commission, in consultation with the State Energy Resources Conservation and Development Commission, to develop a framework for assessing, tracking, and analyzing total annual energy costs paid by residential households in the State. Authorizes the PUC to use the framework for purposes of evaluating any request by an electrical corporation and gas corporation to track new spending eligible for recovery or to adjust a revenue requirement.

Greenhouse Gas Emissions: Building Materials

Status: Enacted - Act No. 2023-316

Date of Last Action: 10/07/2023 - Enacted

Author: Holden (D)

Topics: Air Quality – Outdoor

Summary: Requires the baseline to be established based on either an industry average of environmental product declarations reported for the specified calendar year or on the most relevant, up-to-date information. Deletes the requirement that the state board form and maintain a technical advisory committee and would instead require the state board to consult experts to advise the state board on method to reduce the carbon intensity of building materials and covered projects. Relates to embodied carbon trading system.

Cannabis: Retail Preparation, Sale, and Consumption

Status: Vetoed - Vetoed

Date of Last Action: 10/08/2023 - Vetoed

Author: Haney (D)

Topics: Food Safety

Summary: Relates to the Control, Regulate and Tax Adult Use of Marijuana Act. Authorizes a local jurisdiction, under certain conditions, to take specified actions, including but not limited to allowing for the preparation or sale of noncannabis food or beverage products by a licensed retailer or microbusiness in the area where consumption of cannabis is allowed. Specifies that such provisions do not authorize a licensed retailer or microbusiness to prepare or sell industrial hemp or products containing such hemp.

School Facilities: Shade Structures

Status: Enacted - Act No. 2023-489

Date of Last Action: 10/08/2023 - Enacted

Author: Stern (D) **Additional Authors:** Rodriguez (D);Allen (D);Rivas (D)

Topics: Disaster – Heat and Drought

Summary: Provides that the California Building Standards Code requires that certain buildings, structures, and facilities be accessible to, and useable by, persons with disabilities. Limits the cost of complying with the requirement to provide an accessible path of travel to a free-standing, open-sided shade structure project that meets certain requirements and that is on a school district, county office of education, charter school, or community college campus to a certain percent of the adjusted construction cost.

Urban Forestry: School Greening Projects: Grants

Status: Pending - Carryover - Senate Appropriations Committee

Date of Last Action: 7/5/2023

Author: Calderon (D) **Additional Authors:** Rodriguez (D);Stern (D);Rivas (D);Boerner (D);Gonzalez

(D);Essayli (R);Pellerin (D);Menjivar (D)

Topics: Disaster – Heat and Drought, Forests

Summary: Provides that the California Urban Forestry Act of 1978 requires the Department of Forestry and Fire Protection to implement a program in urban forestry to encourage better tree management and planting in urban areas. Requires funds to be administered to support school greening by providing grants to eligible local educational agencies, nonprofit organizations, cities, counties, and districts, through a competitive grant process developed by the department. Requires the department to develop guidelines.

California Safe Drinking Water Act: Wildfire Aftermath

Status: Enacted - Act No. 2023-530

Date of Last Action: 10/08/2023 - Enacted

Author: Wood (D)

Topics: Toxics and Chemicals, Water Quality – Drinking Water

Summary: Directs the State Water Resources Control Board to require a public water system that has experienced a wildfire event meeting specified criteria to perform sample collection and analysis of its source waters, treatment facilities, conveyance facilities, distribution systems, or a combination thereof, for the presence of benzene as soon as it is safe to do so. Authorizes the board to require a public water system response that includes specified measures if a system conducts sampling and detects benzene.

Air Pollution Control Districts

Status: Pending - Carryover - Senate Appropriations Committee

Date of Last Action: 5/1/2023

Author: Archuleta (D)

Topics: Air Quality – Outdoor

Summary: Relates to the establishment of air pollution control districts and air quality management districts. Designates a district as a special district for purposes of receiving State funds or funds disbursed by the State. Requires, if eligibility for funds requires a district to be considered either a dependent or an independent special district, the entity distributing those funds to use the definitions for those terms set forth in the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000.

Smoking Tobacco in the Workplace: Transient Lodging

Status: Enacted - Act No. 2023-182

Date of Last Action: 09/08/2023 - Enacted

Author: Rubio (D) **Additional Authors:** Ashby (D);Smallwood-Cueva (D)

Topics: Air Quality – Indoor

Summary: Provides that the California Occupational Safety and Health Act of 1973 prohibits smoking of tobacco products inside an enclosed space at a place of employment. Provides that existing law establishes specified exemptions from a place of employment that allow smoking in certain work environments, including an exemption for up to a specified percent of the guestroom accommodations in a hotel, motel, or similar transient lodging establishment. Eliminates the exemption.

Water: General State Policy

Status: Vetoed - Vetoed

Date of Last Action: 10/08/2023 - Vetoed

Author: Bennett (D)

Topics: Water Allocation and Supply Planning

Summary: Provides that existing law establishes various State water policies, including the policy that the use of water for domestic purposes is the highest use of water and that the next highest use is for irrigation. Specifies that the use of water for domestic purposes includes water use for human consumption, cooking, sanitary purposes, care of household livestock, animals, and gardens, fire suppression and other safety purposes, and a purpose determined to be a domestic purpose as established by common law.

Water Quality Control Plan: Delta Conveyance Project

Status: Pending - Carryover - Senate Appropriations Committee

Date of Last Action: 5/2/2023

Author: Eggman (D) **Additional Authors:** Dodd (D)

Topics: Water Quality – Bodies of Water

Summary: Requires the State Water Resources Control Board to adopt a final update of the 1995 Water Quality Control Plan for the San Francisco Bay/Sacramento-San Joaquin Delta Estuary before the board may consider a

change in point diversion or any other water rights permit or order for the Delta Conveyance Project. Provides that these provisions do not constitute an authorization for or approval of funding for the Project or any other project that includes isolated Delta conveyance facilities.

2023

Water: Public Entity: Water Usage Demand Analysis

Status: Enacted - Act No. 2023-542

Date of Last Action: 10/08/2023 - Enacted

Author: Papan (D)

Topics: Water Conservation and Efficiency

Summary: Provides that existing law authorizes a public entity that supplies water at retail or wholesale within its service area to adopt and enforce a water conservation program. Requires a public entity to conduct a water usage demand analysis prior to completing, or as part of, a cost-of-service analysis conducted to set fees and charges for water service. Requires a public entity to identify, within the water usage demand analysis, the costs of water service for the highest users incurred by the public entity.

Vehicles: Zero-Emission Schoolbuses: Signage

Status: Enacted - Act No. 2023-413

Date of Last Action: 10/07/2023 - Enacted

Author: Padilla (D)

Topics: Air Quality – Outdoor

Summary: Authorizes a school district, county office of education, or charter school using a zero-emission schoolbus to transport pupils at or below the 12th-grade level to place signage on the rear of the zero-emission schoolbus that identifies the schoolbus as a clean air electric zero-emission bus. Authorizes the Department of the California Highway Patrol to issue guidelines governing the size and placement of that signage.

Status: Enacted - Act No. 2023-165

Date of Last Action: 09/08/2023 - Enacted

Author: Cervantes (D) **Additional Authors:** Roth (D)

Topics: Environmental Cleanup, Toxics and Chemicals

Summary: Provides that the Carpenter-Presley-Tanner Hazardous Substance Account Act requires any treatment, storage, transfer, or disposal facility built on the Stringfellow Quarry Class I Hazardous Waste Disposal Site to only be used to treat, store, transfer, or dispose of hazardous substances removed from that site. Prohibits any sample or waste generated from a site other than the Stringfellow Quarry from being treated, stored, transferred to, or disposed of at the site.

2023

Hazardous Waste: Exide Technologies Facility

Status: Pending - Carryover - Senate Environmental Quality Committee

Date of Last Action: 5/18/2023

Author: Santiago (D)

Topics: Toxics and Chemicals

Summary: Requires the Board of Environmental Safety to contract with an entity that has expertise in remediating contaminated sites for the purpose of reviewing the Department of Toxic Substances Control's residential cleanup near the former Exide Technologies lead-acid battery recycling facility in the City of Vernon. Requires the contractor to use only existing data in its review, but, if necessary, the authorizes the contractor to take, review, and analyze limited samples.

Vehicles: Bureau of Automotive Repair: Smog Check

Status: Enacted - Act No. 2023-681

Date of Last Action: 10/10/2023 - Enacted

Author: Berman (D) **Additional Authors:** Roth (D)

Topics: Air Quality – Outdoor

Summary: Amends definition of automotive repair dealer for purposes of the Automotive Repair Act. Provides that existing law prohibits a person required to have a valid registration under the Act from having the benefit of a lien for labor or materials or the right to sue on a contract for motor vehicle repairs unless the person possesses a valid registration. Authorizes the Bureau of Automotive Repair to adopt regulations to carry out that prohibition as necessary.

State Water Resources Control Board: Drought Planning

Status: Pending - Carryover - SENATE

Date of Last Action: 9/1/2023

Author: Wood (D)

Topics: Disaster – Heat and Drought, Water Allocation and Supply Planning

Summary: Requires the State Water Resources Control Board, in consultation with the Department of Fish and Wildlife, to adopt principles and guidelines for diversion and use of water in coastal watersheds during times of water shortage for drought preparedness and climate resiliency. Authorizes the state board to issue a cease and desist order when a diversion or use violates or threatens to violate an applicable principle or guideline adopted by the state board for the diversion and use of water.

Fire Hazard Severity Zones: Disclosures

Status: Enacted - Act No. 2023-099

Date of Last Action: 07/21/2023 - Enacted

Author: Maienschein (D)

Topics: Disaster – Wildfires

Summary: Relates to law that requires the seller of a single-family residential property to make certain disclosures of natural hazards on a specified statement to a prospective buyer, including whether the property is located in a very high fire hazard severity zone. Provides that, if a single-family residential property is located within a fire hazard severity zone, the disclosure in the natural hazard statement shall specify whether the property is located in a high or very high fire hazard severity zone.

State Water Resources Control Board: Water Diversion

Status: Pending - Carryover - Senate Natural Resources and Water Committee

Date of Last Action: 5/18/2023

Author: Wicks (D)

Topics: Water Allocation and Supply Planning

Summary: Expands the instances when the diversion or use of water is considered a trespass. Authorizes the State Water Resources Control Board to issue a curtailment order for any diversion, regardless of basis of right, when water is not available under the diverter's priority of right. Requires the board to adopt regulations to implement this provision.

Hospitals: Seismic Compliance: O'Connor Hospital

Status: Enacted - Act No. 2023-304

Date of Last Action: 10/04/2023 - Enacted

Author: Pellerin (D)

Topics: Disaster – Seismic

Summary: Relates to the Alfred E. Alquist Hospital Facilities Seismic Safety Act of 1983. Provides that existing law requires hospitals that are seeking an extension for their buildings to submit an application to the Department of Health Care Access and Information. Imposes penalties to a hospital that fails to meet its deadline, and requires the county to pay these penalties to the department. Requires the department to collect interest and the costs associated with recovery of any arrears.

Solid Waste: Compostable Covered Materials

Status: Vetoed - Vetoed

Date of Last Action: 10/08/2023 - Vetoed

Author: Wood (D)

Topics: Waste and Recycling, Waste and Recycling – Extended Producer Responsibility, Waste and Recycling – Plastic

Summary: Relates to the Plastic Pollution Prevention and Packaging Producer Responsibility Act, which covers certain single-use packaging and plastic single-use food serviceware. Provides that existing law prohibits a person from selling or offering for sale a product that is labeled with the term compostable unless the product satisfies an identified ASTM standard specification. Exempts products that are eligible to be labeled with the term compostable from the source reduction requirements of the Act.

Electrical Corporations: Financing Orders: Wildfire

Status: Pending - Carryover - Assembly Appropriations Committee

Date of Last Action: 5/1/2023

Author: Calderon (D)

Topics: Disaster – Wildfires

Summary: Authorizes the Public Utilities Commission to fix the rates and charges for every public utility, and requires that those rates and charges be just and reasonable. Requires the commission, when considering whether a proposed financing order provides both short-term and long-term economic benefits in the public interest, to presume that the financing order provides short-term economic benefits if the commission has authorized an amortization period in excess of a specified number of months.

Potable Water: Nonfunctional Turf

Status: Enacted - Act No. 2023-849

Date of Last Action: 10/13/2023 - Enacted

Author: Friedman (D) **Additional Authors:** Stern (D)

Topics: Water Conservation and Efficiency

Summary: Makes legislative findings and declarations concerning water use, including that the use of potable water to irrigate nonfunctional turf is wasteful and incompatible with state policy relating to climate change, water conservation, and reduced reliance on the Sacramento-San Joaquin Delta ecosystem. Requires integrated regional water management plan to address the identification and consideration of the water-related needs of owners and occupants of affordable housing.

Water Conservation: Landscape Design: Model Ordinance

Status: Pending - Carryover - Senate Inactive File

Date of Last Action: 9/1/2023

Author: Friedman (D) **Additional Authors:** Stern (D)

Topics: Disaster – Heat and Drought, Water Conservation and Efficiency

Summary: Provides that the Water Conservation in Landscaping Act provides for a Model Water Efficient Landscape Ordinance that is adopted and updated at least every specified number of years. Requires the model ordinance, at the next update initiated after specified date, to require that all new or renovated nonresidential areas install in the project footprint not less than a specified percent of California native plants, and to prohibit the inclusion of nonfunctional turf in nonresidential landscape projects.

2023

Removing Barriers to Water Wise Landscaping

Status: Enacted - Act No. 207

Date of Last Action: 05/17/2023 - Enacted

Author: Jaquez Lewis (D)

Topics: Water Allocation and Supply Planning, Water Conservation and Efficiency

Summary: Provides that a unit owners' association of a common interest community shall not prohibit, among other things, the use of xeriscape, nonvegetative turf grass, or drought-tolerant vegetative landscapes to provide ground covering to property for which a unit owner is responsible, provides that this applies only to a unit that is a single-family home that shares one or more walls with another unit and does not apply to a unit that is a detached single-family home.

Schools Water Service Extension

Status: Failed - Adjourned - Senate Utilities Committee

Date of Last Action: 1/12/2024

Author: Niemeyer (R)

Topics: Water Infrastructure

Summary: Relates to extension of water service to schools, allows a water or wastewater utility to extend service, without a deposit or other adequate assurance of performance from the customer, a distance of not more than three miles to a, public school, including a charter school, or nonpublic school that employs one or more

employees, that is connected to a well or septic system for the purpose of enabling the public school or nonpublic school to disconnect from the well or septic system.

Environmental Scrutiny Before Property Transfer

Status: Failed - Adjourned - House Environmental Affairs Committee

Date of Last Action: 1/8/2024

Author: Aylesworth (R)

Topics: Wastewater

Summary: Relates to environmental scrutiny before property transfer, requires a qualified inspector to inspect a residential onsite sewage system (residential system) before a sale of a dwelling connected to the residential system, requires that the sales disclosure form must disclose if the inspection indicated that the residential system is failing, provides that a failure of the owner of the dwelling to satisfy the notice requirement makes transfer of ownership of the dwelling voidable at the election.
